Chapter 1 by Justine Adamson

The year is 2017. In mid 2016 a race of aliens showed themselves to the people of the planet Earth. This race has had a permanent base on Earth for 500 years but they are generally invisible to the human eye as are their flying craft. They live in the hollow centre of our planet and feed on humans. Their purpose here is to mine a special type of gold dust which they mix with plasma from the sun. This gives them the power for space flight.
